

# Universal Dyslexia Screeners for PreK-2

## Dyslexia Screener for grades 3-12

 fluency builders®

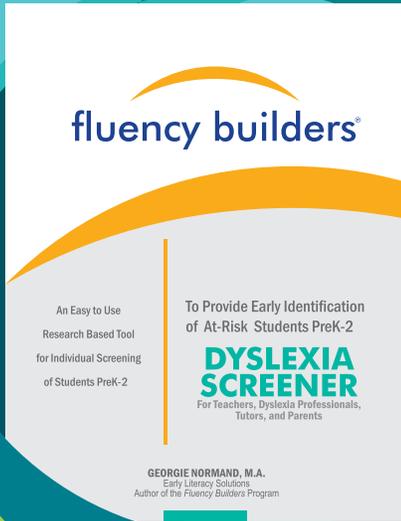

**Based on the most recent  
neurocognitive research  
on risk factors and deficits  
associated with dyslexia**

**Identify at-risk  
students as early as  
the first week of PreK**

EARLY LITERACY SOLUTIONS™  
Optimizing the PreK-2 Window

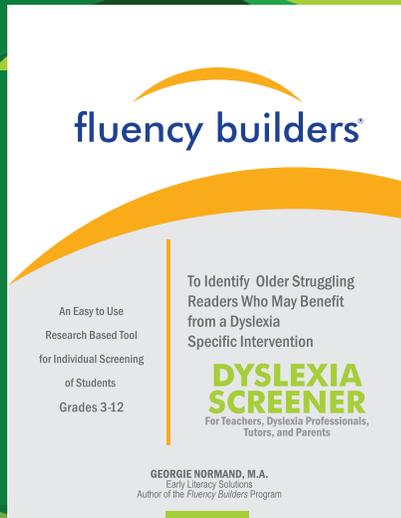

**PreK-2  
Universal  
Dyslexia  
Screener  
for early  
identification  
of at-risk  
students**

**Dyslexia is not a  
one-size-fits-all thing...  
Each student has a  
*unique deficit profile*  
that must be identified  
to inform instruction.**

The *Fluency Builders* Screeners identify the student's unique deficit profile and provide specific instructional recommendations for that student for a *targeted* intervention.

This helps the student make progress faster and saves valuable instructional time.

**Grades 3-12  
Dyslexia  
Screener  
to identify  
older  
struggling  
readers who  
may benefit  
from a dyslexia  
specific  
intervention**

**The Screeners  
identify  
a student's risk  
and unique  
deficit profile  
based on the known  
risk factors and  
deficits associated  
with dyslexia.**

**Scripted  
Easy to Use  
Includes How-To Video**

**Digital format  
for affordable school  
or district-wide sharing**

### **Risk Factors**

Family History of Reading Difficulties  
Early Language Delay

### **Deficits**

Rapid Automatized Naming (RAN)  
Phonological and Phonemic Awareness  
Verbal Working Memory  
Letter Name/Letter Sound Knowledge  
Decoding/Pseudoword Decoding  
Encoding  
Handwriting (Dysgraphia)  
Oral Reading Fluency (accuracy, rate, prosody)  
Comprehension/Retell  
Dyslexia Related Reading Behaviors

\*Risk factors/deficits identified will vary according to age/grade and semester.
